We'll travel across the country and around town as we learn about many modes of transportation, places to visit, and community helpers. We'll journey by foot, car, bus, train, and boat. We'll learn to read road signs and create a map of "our town". Dramatic play, cooking, stories and fun activities will help us discover how helpers on the job make a community work. What do you want to be when you grow up? Let's find out!

Morning enrichment classes run from 9:00 until 11:45. Afternoon enrichment classes start at 11:45 with lunch, and end at 3:00 p.m. Children bring their own lunches.

Confirmation of each Enrichment program is based on enrollment.

Enrichment Programs are available to children even on days when they're not in school!

Afternoon enrichment pick-up is at 3:00 on Main Avenue in a carpool line
